

Dromida 1/18 Scale Ready-To-Run Electric-Powered 4WD Touring Cars

DIDC0070

DIDC0074

Takin' it to the streets!

Experience on-road action the way it was meant to be: quick, sure-footed and durable. The Dromida Touring Car comes through on all counts, along with Ready-To-Run convenience that makes it the ideal vehicle for anyone looking for indoor or outdoor driving fun.

Enjoy confident handling with four-wheel drive, high-grip tires and a low CG suspension. The foam front bumper helps protect against impact damage to the ultra-realistic looking body. Extras such as a 2.4GHz radio, NiMH battery and charger add to this Touring Car's exceptional value.

All this comes at a very affordable price for the entry-level racer who opts for the Touring Car equipped with a Torque 370 brushed motor. For those who want to ramp up the performance potential, it's also available with a 5300kV brushless motor and LiPo battery compatibility. See more at dromida.com.

Available: September 2016

DIDC0070	1/18 Scale Touring Car EP 4WD RTR	\$119.99
DIDC0074	1/18 Scale Brushless Touring Car EP 4WD RTR	\$169.99
