

XL UAV 370mm RTF

Available in
four colors!

FPV camera and camera mount sold separately.

XL Size, XL Fun, XL Speed

Looking for BIG, bold flying fun? Look no further than the Dromida XL. Extra-large and in charge, the XL takes aerial adventure to thrilling new heights. One push of the Auto Takeoff/Landing button makes the XL soar up to 2 meters in the air; another button-push safely brings you back down to Earth. "Altitude Hold" lets you hover in place without any hassles. There's even an Auto-Flip feature so you can execute flawless flips instantly.

Features

- Auto takeoff and landing
- Altitude hold
- Auto-flip
- Long flight times
- Intense LED lights
- 2.4GHz radio system
- Rechargeable 2S LiPo battery
- 2S/3S AC balancing charger
- "AAA" batteries
- Extra set of blades
- Blade guards
- Screwdriver
