

O.S. 105HZ-R Gold Edition Heli Engine w/Pipe

The gold standard in heli engines

The 105HZ-R has a well-earned reputation for delivering huge power and performance in a compact size. A gold anodized carburetor stack and cylinder head add eye-catching looks while commemorating O.S.'s 80th anniversary. The black anodized crankcase is another special touch. Plus, you get the efficiency and awesome roar of an included exhaust pipe. **Only 200 worldwide** of this special limited edition 105HZ-R heli engine will be produced.

OSMG1965 105HZ-R Gold Edition Heli Engine w/Pipe \$649.99

Features

- Designed for precision aerobatic and 3D heli pilots wanting an engine with the power to easily nail any type of maneuver, including insane 3D
- 15% more displacement than a .90-sized engine, in the same mounting space
- A huge venturi boosts output even more
- Machined, gold-plated heatsink head that's lightweight and provides efficient cooling
- DRS (Demand Regulator System) ensures consistent fuel flow regardless of the heli's attitude

Specifications

Displacement: 1.048 cu in (17.17 cc)

Bore: 1.442 in (29 mm)

Stroke: 1.024 in (26 mm)

Practical rpm: 2,000-16,500

Output: 3.75 hp @ 15,000 rpm

Weight: 21.46 oz (608.4 g)

Includes: Power Boost 105 pipe
