

O.S. Speed 21XZ-B Spec III Buggy Engine & Speed 21XZ-GT Touring Car Engine

Power your 1/8 scale ride with Speed 21XZ engines!

The Speed lineup of 21-size engines has enjoyed numerous racing successes, and that same O.S. expertise is evident in these latest powerhouses. Both retain many of the cutting-edge innovations that have made Speed 21 engines so dominant, such as a lightweight outer head with a lower CG. Find out more by visiting osengines.com.

Speed 21XZ-B Spec III

- Enhanced low- to middle-range torque for tracks that require lots of power
- Cylinder liner features 3 scavenger ports and 3 exhaust ports, delivering more torque with less fuel consumption
- Comes with an easy-tuning 21J carburetor with 6.5 mm restrictor
- Geat engine for Buggy & Truggy

Speed 21XZ-GT

- Designed specifically to dominate the competition in the increasingly popular 1/8 scale GT Touring class
- Five scavenger ports and 3 exhaust ports improve power in the mid- to high range
- The included dual adjustable carb is ROAR-legal, and comes with a 7 mm restrictor
