

## ARRMA 1/8 TYPHON 6S BLX Brushless 4WD RTR

### The Speed Buggy with 60+ mph Performance

Whether you take it to the racetrack or a mud-covered course, the TYPHON is the buggy that means business. The BLX4074 2050kV brushless motor and BLX185 ESC deliver blistering power, especially when they're paired with two 3S LiPo batteries. dBoots Exabyte tires on multi split-spoke wheels get you where you need to go, regardless of condition. Whether you appreciate its speed, strength or performance, the TYPHON is the basher that can't be beat. Check it out at [arrma-rc.com](http://arrma-rc.com).

ARAD80BS 1/8 TYPHON 6S BLX Brushless 4WD RTR \$429.99

#### Specifications

**Length:** 20.1 in (510 mm)

**Width:** 12.2 in (310 mm)

**Height:** 7.7 in (195 mm)

**Weight:** 7.5 lb (3.4 kg)

**Requires:** Two 2-3S LiPo batteries, charger and 4 AA batteries

#### Features
