

Dromida 1/18 Scale Electric 4WD RTR FPV Packs

Monster Truck FPV Pack

Rally Car FPV Pack

Ride inside with FPV

Scale looks and performance aren't all that make these Dromida vehicles perfect for realistic racing fun. They'll put you right into the driver's seat with FPV!

Monster Truck and Rally Car FPV Packs come with an on-board video camera and 5.8GHz video transmitter already installed. A Tactic FPV monitor and goggles are included. Experience the excitement of a race as if you were riding inside your vehicle, keeping an eye on your competition up close.

Both vehicles are engineered for speed and control over almost any surface, and come fully equipped with a 2.4GHz radio, NiMH battery and charger.
