

Dromida KODO FPV RTF Pack

FPV requires smartphone and app.

Smart, simple FPV

The KODO FPV makes it easy for anyone to enjoy First Person View flight. This all-in-one pack comes with the essential gear you need to experience FPV out of the box. Put on the goggles, add your smartphone, connect it to the Wi-Fi camera and download the free app. See the world of FPV unfold right before your eyes. Perform flips on command with one button-push of the MR200 2.4GHz radio system. Stay airborne with the long-lasting LiPo battery and USB fast charger. The KODO FPV combines convenience and completeness, for the ultimate in First Person View flight!

DIDE0016 Dromida KODO FPV RTF Pack \$89.99
