

HPI Racing Savage XS FLUX Vaughn Gittin Jr. 4WD Monster Truck RTR

It's the Savage XS FLUX like you've never seen — or driven — before! Stand out from all the other bashers with the custom “geometric” Signature Edition trim scheme made famous by Formula D champion Vaughn Gittin Jr. Amaze everyone with your repertoire of massive jumps, thrilling backflips, high-angle drift moves and awesome sideways action.

As for durability, this basher still boasts the composite TVP (Twin Vertical Plate) chassis, waterproof electronics and all-metal drivetrain that have made the Savage XS the toughest mini-monster in the world. It's as fast as it is sturdy, too, with a FLUX 4000kV brushless motor and EMH-35 speed control that produce unmatched speeds of over 65 mph! Get all the details by visiting hpiracing.com.
