

Vusion House Racer Black Limited Edition

LIMITED
EDITION
BLACK

A New View for Vusion

The same zipping, flipping, house conquering Vusion House Racer that is currently delivering high-speed FPV adventures in homes across the country is now available in a sleek black trim scheme! Perfect for racing against other House Racers! This model is FPV-Ready. Strap on your favorite goggles, grab your favorite SLT radio, and get racing in the black.

Turn pillows and furniture into an instant obstacle course. Use the FPV video camera to shoot awesome footage. Add professional indoor obstacles with the Vusion House Racer FPV Gate System (sold separately). With the Vusion House Racer, the possibilities are endless. Open the box. Adventure awaits.

Features

- Black limited edition trim scheme
- Three flight modes – two gyro-assisted Stability Modes for beginners and Rate Mode for more advanced maneuvers – make it easy for you to enjoy indoor FPV
- Compatible with virtually all FPV goggles and monitors on the market. Just add the 5-channel SLT radio and goggles or monitor of your choice
- 600TVL camera and a 25mW 40-channel 5.8GHz video transmitter that lets you fly around the house or backyard against many friends
- Long-lasting 1S 3.7V 650mAh LiPo battery delivers 6-8 minutes of flight time
- USB charger, wall guards and extra blades
