

DURATRAX

DTX SERIES BATTERIES

DTXC2162

The perfect pack for pre-race practice!

It features DTX Series cells assembled with silver battery bars and 12-gauge, multi-strand copper wire leads that end in a super-efficient Deans® Ultra™ Plug!

It's all about the cells.

Weekend warriors have the same goals as sponsored pros: take the lead — and hold it to the checkered flag. Some cells promise to deliver, but DTX Series cells do. Look for the distinctive DTX Series graphics — and see the possibilities.

- **The affordable alternative to expensive matched packs!**
- **Great upgrades for the competitive club racer — great practice packs for the budget-pressed pro.**
- **Track-tested at 30A racing loads for real-time numbers and real-world results.**
- **Feature the highest discharge rate, average voltage, capacities and run times of any DuraTrax cells previously offered!**
- **Low internal resistance minimizes waste heat and heat-related failures.**
- **All packs are assembled, with hex-welded cells, end caps, multi-strand copper silicone wire and connector. Stick Packs also include reinforcing tubes.**

Shark™ and Piranha™ Packs

DTXC1905

PIRANHA PACKS Extra-value features on DTXC2100-2112 include clear reinforcing tubes and multi-strand copper wire w/silicone insulation.

DTXC2100

Piranha isn't simply a great line of NiCd sport packs; it's a best-selling line that includes two 2000mAh NiMH packs, too. That's a new high in Piranha capacity, coupled with a choice of a standard or Deans® Ultra™ Plug connector. All Shark and Piranha packs are shrink-wrapped, with end caps, welded tabs, multi-strand wire leads and connector.

SANYO® PACKS SANYO®

DTXC2081

There's no name more respected in NiCd cells than Sanyo, and no question about how DuraTrax packs built with Sanyo cells last. Sanyo cell quality gets part of the credit. The rest goes to the way DuraTrax packs are built. Quad welds provide the cell-to-cell connection; reinforcing tubes hold it against bumps and twists. Assembled and shrink-wrapped, with multi-strand copper wire, silicone insulation and a standard connector.
