

Take R/C truck action to the **MAX!**

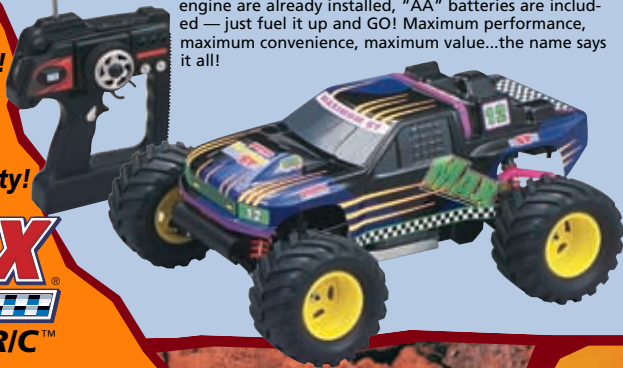

**MAXIMUM ST**

1:10 Ready-To-Run Nitro-Powered Truck

**It's the ultimate in speed, power and durability.**

For ground-pounding, nitro-burning, all-out R/C excitement, it's gotta be the Maximum ST from DuraTrax. This 1/10 scale terror rips across terrain with super speed and muscle, and it features standard equipment that blows away all other entry-level machines. And it comes fully assembled — the body is cut, trimmed and painted, the radio and engine are already installed, "AA" batteries are included — just fuel it up and GO! Maximum performance, maximum convenience, maximum value...the name says it all!

**THE MAXIMUM IN RADIO CONTROL FUN!**

- Awesome lightning speed!**
- Nitro burning power!**
- Hammers off-road terrain!**
- Ground pounding durability!**

**DURATRAX**  
THE LEADER IN AWESOME R/C™

**Engine and radio already installed!**  
Top-of-the-line components deliver maximum power and control!

**2-channel Pistol Grip Radio System**

**Pro-styled radio**

- ▶ A balanced, comfortable transmitter with ergonomic grip
- ▶ A retractable antenna with storage in back
- ▶ Servo reversing on both channels
- ▶ Battery charging jack
- ▶ 3 LED battery status indicator
- ▶ Steering and Throttle servo trims

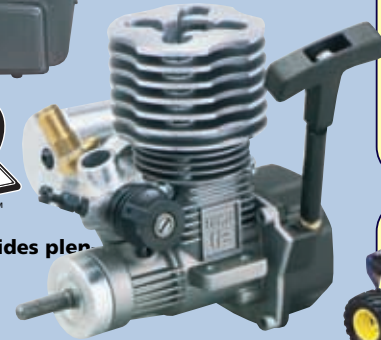

**A super EXTRA feature of this radio is Steering Rate Override!**

Steering Rate can be pre-set to limit turning radius for maximum control. By pushing the Steering Rate Override button, you increase the throw and response for hairpin curves when maximum turning radius is needed.

The TORQ 12 engine provides plenty of muscle, along with:

- ▶ A reliable recoil starter for fast, easy starts
- ▶ A heatsink head for cooler operation and longer engine life
- ▶ A heavy-duty precision ball bearing that minimizes friction
- ▶ A fully adjustable rotary valve carburetor
- ▶ A heavy-duty steel connecting rod with dual oil feed holes and lower end brass bushings

**FREE engine start-up video included!**

Right inside you'll find a Free video that shows, step by step, how to start and operate the TORQ 12 engine, as well as helpful maintenance tips.

The durable polycarbonate body comes factory-cut, trimmed and painted. Decals are provided for bold graphics.

The Maximum ST is also available in a pre-built version (DTXC0055), for those who want to equip it with their own radio system.

# DURATRAX MAXIMUM ST

The **Fiberite™** disc brake is reliable and responsive.

Dependable Transmission equipped with full ball bearings

The extra-tough diff gears are metal, not plastic.

The **Rapid-Tune™** hex-center turnbuckles are also made of durable metal.

Heavy-duty precision-machined dog bones

The **Stress-Tech™** suspension arms provide excellent dampening.

The **Control-Tech™** slipper clutch controls wheel spin and prevents gear damage.

## DuraTrax® Nitro Starter Set

Everything you need to start racing!

- DuraTrax 5-Way Glow Plug Wrench
- Hobbico® Hot Shot™ Glow Starter w/charger
- DuraTrax Red Alert™ 10% Nitro Fuel-1 Quart
- DuraTrax Kwik Pit™ Fuel Bottle
- O.S.® A3 Glow Plug DTXP0200

Includes O.S.® A3 glow plug!

## Stress-Tech™ Plastic Parts Guarantee

These parts are so durable, they come with a guarantee!

This truck is engineered to take the rough-and-tumble action that makes running R/C trucks so much fun — and we're backing it up by replacing any Stress-Tech™ plastic part that breaks during the first 6 months you own it!

This warranty is available only from the manufacturer, not from your dealer. See instruction manual for mailing address and details.

Stock No: DTXD60\*\*  
Length: 15 in (385 mm)  
Front/ Rear Track: 9.45 in (240 mm)  
Height: 7.7 in (195 mm)  
Wheelbase: 12.6 in (320 mm)  
Ground Clearance: 1.9 in (48 mm)  
Weight: 3.46 lb (1570 g)

The powerful **TORQ 12™** engine features pull-start convenience.

The **Max-Sized™** 85cc fuel tank means longer run times.

All four wheels feature durable metal bushings.

The massive, high-grip monster truck tires feature one-piece, 2.2 size wheels.

The oil-filled, coil-over **Rapid-Tune™** shocks are "pre-loaded" with easy-to-adjust spring tension.

The **Rigi-Frame™** aluminum chassis is ultra-light and ultra-tough.

## Your Maximum ST truck will travel in style!

It's the perfect carry-all for a day at the track! Made of heavy-duty, lightweight nylon that resists tears and punctures. It features zippered compartments on each end, an additional front pocket, and a water-resistant vinyl panel in the bottom that offers extra protection in wet conditions and helps extend the bag's life.
