impressive, authentic styling!

**DURATRAX**  
THE LEADER IN AWESOME RIC™

## Top-of-the-line equipment... included AND installed!

### Professional 2-channel radio system

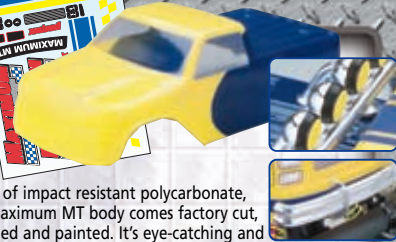

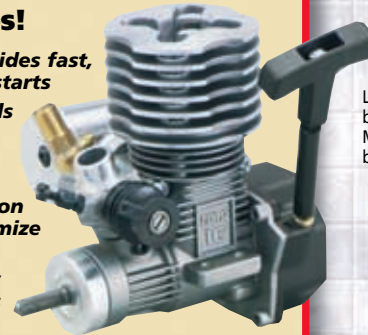

Transmitter features a comfortable pistol grip, excellent balance and retractable antenna.

- Servo reversing on both channels
- NiCd battery charging jack
- LED battery status indicators
- Steering and throttle servo trims
- Changeable crystals

## TORQ 16

**Outpowers other trucks'  
.15-size engines!**

- Recoil starter provides fast, easy, dependable starts
- Heatsink head cools efficiently for top performance and long life
- Heavy-duty precision ball bearings minimize friction
- Two-needle, rotary valve carburetor is fully adjustable
- Heavy-duty connecting rod includes dual oil feed holes and lower end brass bushings

Made of impact resistant polycarbonate, the Maximum MT body comes factory cut, trimmed and painted. It's eye-catching and ready to go...all you do is install the chrome body parts and apply the included decals.

DTXC0064

Like the Maximum MT's looks, power and convenience—but already own a radio system? Choose the Maximum MT Prebuilt (DTXC0064). It's identical to the RTR model but does not include radio.

### FREE engine start-up video!

Operating your Torq 16 engine is easy—DuraTrax includes a FREE video that shows you how! You'll see how to start and run your engine, and learn how to keep it in peak condition.

For the location of the dealer nearest you, please call 1-800-682-8948 and mention code number 99D12.

### STRESS-TECH™ PLASTIC PARTS GUARANTEE

The Maximum MT is engineered for abuse. No matter how fast and furious the action gets, this truck is in it for the long haul! We'll even replace any Stress-Tech plastic part you break during the first 6 months you own the buggy. Just send the broken part to us and we will send you a FREE replacement. See the instruction manual for mailing address and details. This warranty is available only from the manufacturer. It is not available from your dealer.

## Advanced design for earthshaking action!

Huge, thick metal spur gear for strength and high torque—virtually impossible to strip!

Reliable, responsive, heavy-duty **FIBERITE™** disc brake

Extra-tough metal diff gears

**CONTROL-TECH™** slipper clutch to control wheel spin and prevent gear damage

• Dependable transmission with full ball bearings

The Maximum MT's metal spur gear is virtually impossible to strip and engineered for maximum torque.

### DuraTrax® Nitro Starter Set
