

**"MAXIMUM" fun...  
in a Ready-To-Run buggy!**

**MAXIMUM  
BX**  
1/10 Scale Ready-To-Run  
Nitro-Powered Buggy

**No other entry-level nitro buggy matches the Maximum BX.**

For the ultimate buggy experience, the new vehicle of choice is the Maximum BX from DuraTrax. This intense off-roader delivers excitement at every level, with standard equipment that leaves other machines in the dust. Ready to get right into RC? The

Maximum BX is everything you want in a nitro-powered go-getter: exceptional performance, super convenience and incredible value!

**DURATRAX**  
THE LEADER IN AWESOME R/C™

**It's the most COMPLETE buggy ever -**

**JUST FUEL IT UP AND GO!**

- Comes fully assembled!
- Body is pre-cut, trimmed and painted!
- Radio and engine are already installed!
- Includes 12 "AA" batteries!

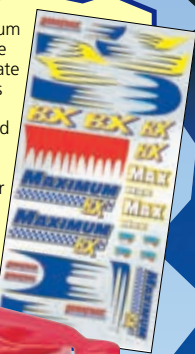

**These top-of-the-line components are already installed!**

**2-channel Pistol Grip Radio System**

- Pro-styled, featuring a balanced, comfortable transmitter with ergonomic grip
- A retractable antenna with storage in back
- Servo reversing on both channels
- Battery charging jack
- 3 LED battery status indicator
- Steering and Throttle servo trims
- Dual rates for steering with Steering Rate Override button—push the override button for full steering.

The Maximum BX's durable polycarbonate body comes factory-cut, trimmed and painted. Decals are provided for creating a bold trim scheme.

**The TORQ 12 engine delivers plenty of power, along with:**

- A reliable recoil starter for fast, easy starts
- A heatsink head for cooler operation and longer engine life
- Heavy-duty precision ball bearings that minimize friction
- A fully adjustable rotary valve carburetor with two needles
- A heavy-duty steel connecting rod with dual oil feed holes and lower end brass bushings

**You also get a FREE engine start-up video!**

Right inside you'll find a Free video that shows, step by step, how to start and operate the TORQ 12 engine, as well as helpful maintenance tips.

For those who want to equip the Maximum BX with their own radio system, it's also available in a pre-built version (DTXC0060).

For the location of the dealer nearest you, please call 1-800-682-8948 and mention code number 99N11.

# DURATRAX MAXIMUM BX

1:10 Scale Ready-To-Run Nitro-Powered Buggy

Stock No: DTXD65\*\*  
 Length: 14 in (355 mm)  
 Width: 5.25 in (133 mm)  
 Height: 7 in (176 mm)  
 Ground Clearance: 1.15 in (29 mm)  
 Front Track: 8 in (203 mm)  
 Wheelbase: 10 in (257 mm)  
 Weight: 3.6 lb (1665 g)

The powerful Torq 12™ engine features pull-start convenience.

The Fiberite™ disc brake is reliable and responsive.

The extra-tough diff gears are metal, not plastic.

The Control-Tech™ slipper clutch controls wheel spin and prevents gear damage

The Rapid-Tune™ hex-center lumbuckles are also made of durable metal.

The dependable transmission is equipped with full ball bearings.

The Stress-Tech™ suspension arms are designed to stand up to rugged off-road action.

The ribbed front tires and rear spikes are pre-glued one-piece 2.2 size wheels.

All four wheels feature durable metal bushings.

The Max-Sized™, 85cc fuel tank means longer run times

## Stress-Tech™ Plastic Parts Guarantee

These parts are so durable, they come with a guarantee!

The Maximum BX is engineered to take rugged, rough-and-tumble R/C action – and to prove it, we're backing it up by replacing any Stress-Tech™ plastic part that breaks during the first 6 months you own it!

This warranty is available only from the manufacturer, not from your dealer. See instruction manual for mailing address and details.

The oil-filled, coil-over Rapid-Tune™ shocks are "pre-loaded" with easy-to-adjust spring tension.

## Transport your Maximum BX buggy in style!

It's the perfect carry-all for a day at the track! Made of heavy-duty, lightweight nylon that resists tears and punctures, with a handy shoulder strap, and roomy enough to accommodate your buggy and necessary gear. The XL Deluxe also features zippered compartments on each end, an additional front pocket, and a water-resistant vinyl panel in the bottom that offers extra protection in wet conditions and helps extend the bag's life.

DTXP2000 Extra Large Field Bag 22.75" x 13" x 11"

DTXP2010 Deluxe Extra Large Field Bag 27" x 14" x 12.5"
