MINI QUAKE

Prepare to be **ALL SHOOK UP!**

Ready-to-Run 1/18 scale
Electric 4WD Monster Truck

1/18 SCALE

PROTECTED BY
**STRESS-TECH
GUARANTEE** 1 YEAR

The mini monster with full-size value, performance and ease!

The 4WD Mini Quake may look small, but it's as well equipped as any 1/10 scale RTR you'll ever see. At less than 10" long, it can deliver monster truck thrills in places where bigger monsters can't go — and performance that other mini monsters just can't match.

It's due to more than the factory-assembled chassis and painted body. It goes beyond what's added by the radio, motor, ESC, NiCd battery and charger. It comes from all of those things, plus built-in hop-ups that boost performance while leaving affordability intact!

MINI QUAKE

A 2-Channel Pistol Radio made by **Futaba**.

The Mini Quake's radio is light, comfortable in the hand and made by the #1 name in R/C radio systems. In addition, it's easy to adapt to different driving styles and a great way to start — and keep — growing in RC.

Features:

- Adjustable steering rate
- Steering and throttle trims
- LED battery status indicator
- Charge jack for (optional) NiCd batteries
- RX-100 receiver and SX100 servo (installed)
- 8 "AA" batteries (included)

ESC5000 Micro Electronic Speed Control with Forward, Reverse and Brake

Smaller, lighter and more reliable than "notchy" mechanical controls, the ESC5000 offers smooth, precise control of forward, reverse and brake. High-frequency switching guarantees cooler operation and virtually instantaneous response. Installed and ready for immediate use.

Complete Bearing Set

An expensive option for some mini monsters, but a built-in performance booster for the Mini Quake. Set includes 14 bearings in all!

Eight Oil Shocks

Most mini monsters are equipped with four coil-spring shocks, a few have four oil shocks, but only the Mini Quake is equipped with eight oil shocks — two on every wheel!

The Mini Quake includes everything you see here!

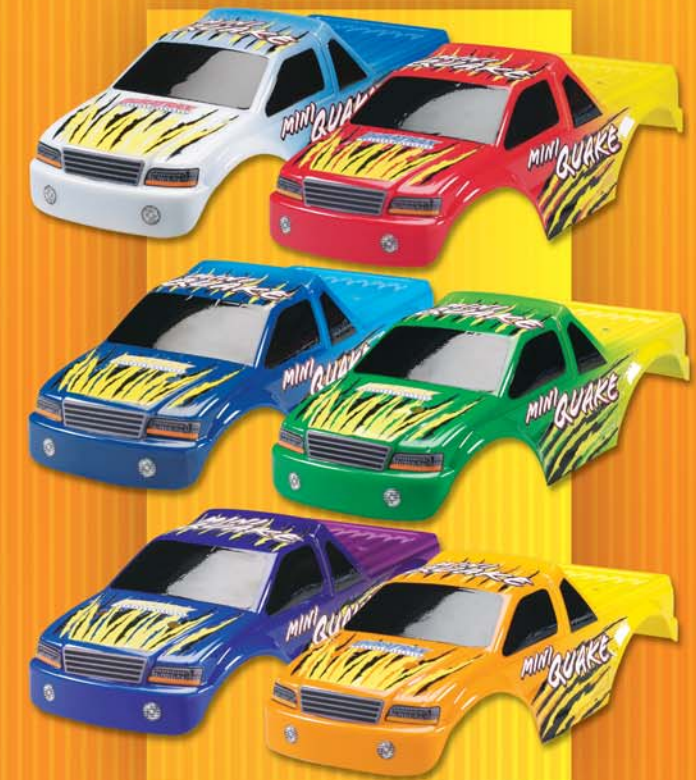

600mAh NiCd Battery and Charger

They're additional costs with most vehicles, but bonuses included with the Mini Quake! Body clips make fast pack changes the rule — and recharging is as easy as plugging the wall charger into the nearest 110V AC outlet.

Available in Six Color Choices

Made of light, impact-resistant polycarbonate, the Mini Quake's body is available in six striking trim schemes — one for each available radio frequency. No trimming is needed and decals are included. It's the ideal body for the Mini Quake; however, adjustable body mounts make it easy to use 1/18 bodies from other manufacturers too.

MINI QUAKE

Ready-to-Run 1/18 scale
Electric 4WD Monster Truck

**1.25" (32mm)
Ground
Clearance** —
the most in the
mini monster
class!

**Rear
Skidplate/Bumper**

**Telescoping
Universal Drives**
Lengthens travel
and locks axle and
drive for long-term
dependability.

**High-frequency
ESC5000
Electronic
Speed Control**
Smoother, lighter, faster
and more reliable than
mechanical controls.
Includes forward,
reverse and brake.

Aluminum Chassis Brace
Stiffens the chassis for
better handling

**6-cell/600mAh
NiCd Pack
w/AC Charger**

**Adjustable
Motor Mount**
Ensures
optimum mesh
with optional
pinions and
spur gears

380 Motor
35% bigger
than 280-size
motors for more
power and
speed. Mounted
opposite the
battery for
balanced weight
distribution and
neutral handling

**Front and Rear Gear
Differentials** — durable and
dependable.

Adjustable Body Mounts

**Tough Composite
Tub Chassis** Keeps
weight low to the
ground for greater
stability — screws are
countersunk to
prevent hang-ups

- **Quick-change Battery Holder**
- **SX-100 Steering Servo** — Included and installed
- **Fully Independent Suspension** — Offers maximum agility for maneuvering — maximum travel for fast, post-jump recovery
- **RX-100 Receiver**
- **Shaft Drive** — Links the front and rear diffs to deliver 4WD traction, power and handling

Eight Oil-Filled Shocks
Two per wheel. Superior
dampening for bumps
and jumps!

**High-grip 2.6" x 1.4"
(65x37mm) Rubber Tires**
Lightweight, with a low-profile
design that minimizes sidewall
squirm.

Complete Bearing Set —
The ultimate friction-fighting
tool — 14 in all! Reduces
wear and raises top-end
speeds!

REPLACEMENT PARTS

STRESS-TECH PARTS LISTED IN BOLD	
DTXC2196	7.2V 6-CELL 600MAH NICAD BATTERY
DTXC3307	380 MOTOR WITH CONNECTOR
DTXC6261	BALL STUD 3.8MM (6)
DTXC6299	BATTERY HOLD DOWN SET
DTXC6461	BODY POST SET (4)
DTXC6523	BODY PAINTED AND TRIMMED BLUE
DTXC6524	BODY PAINTED AND TRIMMED GREEN
DTXC6525	BODY PAINTED AND TRIMMED RED
DTXC6526	BODY PAINTED AND TRIMMED ORANGE
DTXC6527	BODY PAINTED AND TRIMMED WHITE
DTXC6528	BODY PAINTED AND TRIMMED PURPLE

Width: 7.4 in (185mm)
Height: 4.7 in (120mm)
Weight: 25 oz (725g)
Ground Clearance: 1.25 in (32mm)

Includes:

- 2-channel DuraTrax® pistol radio made by Futaba® with RX-100 receiver, SX-100 servo and 8 "AA" batteries
 - ESC5000 Electronic Speed Control
 - 6-cell, 600mAh NiCd
 - AC Wall Charger
- Requires: nothing!**

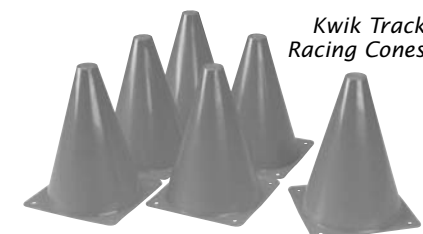

Equip your Mini Quake with these
quality DuraTrax accessories!

NiCd Conversion Kit

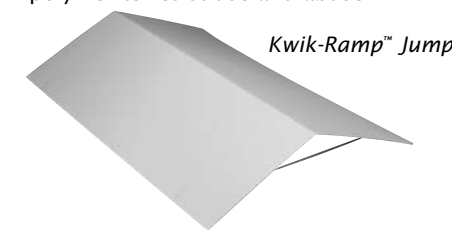

Why buy disposable alkaline cells, when you can install Sanyo® NiCds and use them hundreds of times? Recharging is simple: plug the charger into the wall, the plug into your radio — and you're done. Takes only 2-3 hours. Includes AC wall charger and eight "AA" NiCds. (DTP4010)

Kwik Track Accessories

*Kwik Track
Racing Cones*

With these accessories and a little imagination, any flat surface can become a testing ground for trucks and drivers. Put the Mini Quake's maneuverability and the driver's skills to the ultimate test by creating a slalom course with all six **Kwik Track Racing Cones** (DTXC2377). Set up the **Kwik-Ramp Jump** (DTXC2375), and the challenge becomes how high the Mini Quake can go — and how much post-jump control the driver can show. Jump angle adjusts for added degrees of difficulty and the ramp itself is made of an impact-resistant, corrugated polymer to resist use and abuse.

Kwik-Ramp™ Jump

DuraTrax is so confident of the Mini Quake's durability that it covers all Stress-Tech plastic parts with a 1-Year FREE Replacement Guarantee!
