

VENDETTA

Ready-to-Run 1/18 Scale Electric 4WD Buggy

Fully optioned and ready to run!

DOMINATION BY DESIGN™

The first 1/18 scale buggy with 1/8 scale features!

PROTECTED BY
**STRESS-TECH
GUARANTEE** 1 YEAR™

Why settle for half, when you can have it all?

The Vendetta offers the best of both worlds: the ease and completeness of a ready-to-run combined with the equipment of a race-ready competitor. Aluminum performance parts inspired by 1/8 scale racing. Track-tunable oil-filled shocks. Adjustable wheelbase. A fully adjustable suspension. A complete set of ball bearings. It's fully optioned, and what's more — it's totally ready-to-run.

The body's painted. The chassis is assembled. And there's nothing left to buy. Motor, ESC, battery and charger, radio and "AA" batteries — the Vendetta has it all, and it's all good to go now.

www.duratrax.com

Nothing left to buy!
The most complete,
competitive 4WD
mini available!

The Vendetta includes everything you see here!!

A 2-Channel Pistol-Grip Radio By **Futaba**.

The Vendetta's radio is light, comfortable in the hand and made by the #1 name in R/C radio systems. In addition, it's easy to adapt to different driving styles and a great way to start — and keep — growing in RC.

Features:

- Adjustable steering rate
- Steering and throttle trims
- LED battery status indicator
- Charge jack for (optional) NiCd batteries
- RX-100 receiver and SX100 servo (installed)
- 8 "AA" batteries (included)

Complete Bearing Set

An expensive option for some buggies, but a built-in performance booster for the Vendetta. Set includes 15 bearings in all!

ESC5000 Micro Electronic Speed Control with Forward and Reverse

Compact, light and reliable, the ESC5000 offers smooth, precise control of forward and reverse. High-frequency switching guarantees cooler operation and virtually instantaneous response. Installed and ready for immediate use.

Adjustable Oil-Filled Shocks with multiple mounting positions.

Oil-filled shocks are standard racing equipment, and that's how the Vendetta's equipped. Racing springs and ride height spacers give you the basics; multiple mounting positions (four combinations in front, six in the rear) provide tuning options for any track.

NiCd PACK & CHARGER 6-Cell, 600mAh NiCd Battery and Charger

Powering a mini buggy with disposable "AA" batteries would make no sense. And that's why the Vendetta offers the economy of a NiCd and charger at no additional cost. Changing a pack takes a few seconds — and recharging is as easy and inexpensive as plugging the wall charger into the nearest 110V AC outlet.

Six Color Choices

Made of light, impact-resistant polycarbonate, Vendetta's body is available in six eye-catching trim schemes — one for each available radio frequency.

For more information and the location of the Vendetta dealer nearest you, please visit www.duratrax.com or call 1-800-682-8948 and mention code number 99Q32.

for precise steering response.

Aluminum Shock Towers
with multiple mounting holes for track tuning.

Fully Adjustable Suspension
Fine-tune camber, caster and wheelbase!

Mounted Pin-spike Tires
glued to white racing rims. Foam inserts included.

Complete Bearing Set
For smoother driving, higher speeds and less wear.

Aluminum!

The 1/8 scale edge for 1/18 scale racing!

The Vendetta is all-in-one complete — and the first mini buggy to make aluminum upgrades a standard part of a ready-to-run racing package. Lighter than steel, stronger than plastic, Vendetta aluminum parts are designed to meet off-road racing demands head-on...and come out on top.

ESC500 Electronic Speed Control
A stand-alone ESC with reverse and 1-button set-up.

DTXD13**
Length: 10.25 in (260mm) Width: 6.375 in (160mm)
Height: 3.625 in (95mm) Weight: 23.5 oz (665g)

Includes:

- 2-channel DuraTrax radio (by Futaba®) with RX-100 receiver, SX-100 servo and 8 "AA" batteries
- ESC5000 Electronic Speed Control with Reverse
- 6-cell, 600mAh NiCd Pack
- AC Wall Charger

Requires: Nothing!

REPLACEMENT PARTS

Stress-tech parts listed in bold

- DTXC3310 High RPM 380 Motor
- DTXC2196 7.2V 6-cell NiCad Battery
- DTXC6020 Wheelbase / Caster Adjustment Clip
- DTXC6161 Antenna Tube With Cap
- DTXC6262 3.8mm Ball Stud (Silver)
- DTXC6263 3.8mm Ball Stud (Brass)
- DTXC6281 Steering Bellcrank Post (2)
- DTXC6310 Battery Strap with Post
- DTXC6465 Body Mount Set
- DTXC6501 Green Body With Decals
- DTXC6502 Blue Body With Decals
- DTXC6503 Red Body With Decals
- DTXC6504 Orange Body With Decals
- DTXC6505 White Body With Decals
- DTXC6506 Purple Body With Decals
- DTXC6601 Aluminum Front Brace
- DTXC6621 Front Hinge Pin Support
- DTXC6859 Front Bumper
- DTXC7019 Chassis
- DTXC7322 Decal Set
- DTXC7434 Differential Cover (2)
- DTXC7436 Differential Complete
- DTXC7437 Differential Case With Gear
- DTXC7438 Differential Bevel Gear Set
- DTXC7439 Differential Pinion Gear (2)
- DTXC7451 Center Drive Shaft
- DTXC7481 Drive Shaft Set (4)
- DTXC8000 Rear Hub (2)
- DTXC8045 2x26.5mm Hinge Pin (4)
- DTXC8046 Hinge Pin Ball Rear (2)
- DTXC8047 2x37.5mm Hinge Pin (4)
- DTXC8048 Hinge Pin Plate Rear
- DTXC8049 Hinge Pin Cover Rear
- DTXC8215 Front Knuckle Arm (2)
- DTXC8280 Motor Mount
- DTXC8311 3.8mm Pivot Ball (6)
- DTXC8353 16 Tooth Pinion Gear
- DTXC8852 Servo Saver Set
- DTXC9008 Front Shocks Assembled (2)
- DTXC9009 Rear Shocks Assembled (2)
- DTXC9011 2x8mm Shaft Pin (6)
- DTXC9040 Shock O-ring Set
