# CLIFF CLIMBER™

1/14 Scale EP Rock Crawler

- Ready-to-Run, with radio, ESC and motors already installed.
- Built to take on the most unforgiving conditions and come back for more!
- Suspension geometry designed for maximum crawler performance.
- The twin 380 motors deliver massive torque to climb near-vertical inclines.

This is true full-time 4-wheel drive! A solid spool locks the hardened steel axles; no diffs means zero slippage, for maximum traction!

The massive, dual motor, dual battery ESC cranks out up to 16.8V with 7-cell batteries — or 14.4V if using 6-cell packs.

The scale-like truck body is painted and trimmed in one of six colors\*!

Also available as a Prebuilt which lets you use your radio and ESC; the clear body allows for total paint customization!

\*RTR only

Battery shown not included.

The oil-filled shocks are adjustable, and come with aluminum caps.

- Gunmetal-colored anodized aluminum chassis sides
- Servos mounted on both the front and rear axles for low CG
- Servo savers on both steering servos
- Front and rear bumpers that won't hang up on obstacles
- 12 mm hex wheel mounting that's compatible with many other wheels

DTXD18\*\*/RTR; DTXC0018/Prebuilt

**Specifications:**  
 Length: 14.2 in (360 mm)  
 Width: 9.0 in (230 mm)  
 Height: 7.9 in (200 mm)  
 Wheelbase: 9.5 in (240 mm)  
 Ground Clearance: 3.5 in (90 mm)

**Includes:** (2) 380-size motors, 16.8V dual motor/dual battery ESC, Tactic 2-channel radio w/two TSX-200 standard servos

**RTR Requires:** (2) 6-cell NiMH batteries (DTXC2194), charger (DTXP4240)

**Prebuilt Also Requires:** 2-channel radio w/standard servos, ESC, Y-harness, paint

A Tactic™ 2-channel radio provides all the control you need for your Cliff Climber. Two standard sized servos are included.
