

EON™

HAS ARRIVED

50%
Greater Cycle Life

10%
Higher Discharge

FlightPower notches up another LiPo battery "first" with longer lasting, higher discharge EON packs. Their advanced chemistry joins other FlightPower advantages — like superior 3-step cell matching and uniquely strict quality control — to carry LiPo performance to its highest level yet.

Your money buys more premium LiPo power now that EON packs provide 50% greater cycle life. Incomparable USA-based service and support adds even more to their value. And imagine what you could do with 10% higher discharge...pop in an EON pack and see!

▶ **EONLite (20C / 350 to 5400mAh)**

FlightPower quality and reliability at the lowest cost.

▶ **EON28 (28C / 300 to 4950mAh)**

Reasonably priced high performance for a huge number of applications.

▶ **EON33 (33C / 700 to 4550mAh)**

Raw power that delivers under extreme demands!

All include genuine, factory-installed Deans® plugs.
