

T-34B MENTOR

1/5 Scale Kit

Pilot figures not included.

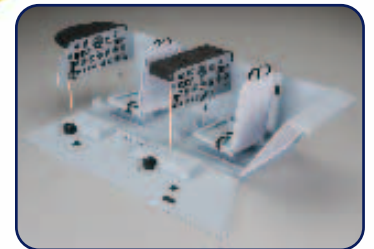

IMAA-LEGAL
80" WINGSPAN

Wingspan: 80 in (2032mm)
Wing Area: 1025 sq in (66dm²)
Weight: 10-14 lb (4.5-6.4kg)
Wing Loading: 22.5-31.5 oz/sq ft (69-96g/dm²)
Length: 63 in (1600mm)
Requires: 2-stroke .61-.91 cu in (10-15cc) or 4-stroke .91-1.20 cu in (15-20cc) engine, 4-6 channel radio w/5-9 servos, 3 rolls Monokote®

TAKE FLIGHT WITH AN AMERICAN MILITARY CLASSIC TRAINER!

For almost 50 years the T-34 Mentor was a primary trainer for new U.S. Air Force and Navy pilots. Though many full-size Mentors still exist today, there are few R/C models of this plane around. But Top Flite is proud to announce the unveiling of a 1/5 scale replica of this legendary trainer that performs as realistically as it looks. With its Gold Edition engineering and lots of scale touches, this T-34 Mentor makes for a proud addition to your military model hangar.

- *The fuse and wings are fully sheeted in 3/32" balsa for added strength, while the tail section is sheeted in 1/16" balsa for lighter weight.*
- *The cowl and tail cone are made of heavy-duty ABS plastic for durability.*
- *Selig 3086 and 3087 airfoils deliver comforting stability for smooth flight and basic aerobatics.*
- *The large canopy can be installed to slide open and closed, and can be enhanced with a full cockpit kit and scale pilot figures (sold separately).*
- *Performance options include operational flaps and retractable landing gear.*

A detailed Cockpit Kit is available separately to further enhance the Mentor's appearance!

The Mentor will fly well with a .61-size 2-stroke engine like the one shown here; a 4-stroke power plant will also fit inside the cowl.

A fully sheeted exterior is perfect for applying scale finishes.

Scale, operational flaps are an option that greatly increases flying performance.

For more information, and the location of a Top Flite dealer near you, visit our web site at: www.top-flite.com or call 1-800-682-8948 and mention code number 99L23.

Recommended engines and accessories

.61 FX w/muffler

High-performance 2-stroke engine with remote needle valve.

Practical rpm range: 2,000-17,000
Output: 1.9 bhp @ 16,000 rpm
Weight (w/muffler): 23.6 oz

OSMG0561

.91 Surpass™ II

Easy-to-adjust carburetor and plated parts to prevent rust.

Practical rpm range: 2,000-12,000
Output: 1.6 bhp @ 11,000 rpm
Weight (w/muffler): 23 oz

OSMG0896

MONOKOTE®

The ideal covering for any warbird!

It's the #1 choice of modelers everywhere - and for good reason! MonoKote stretches easily, and shrinks to a permanent, super-strong, drum-tight finish that combines dazzling brilliance and superior puncture, scratch and fuel resistance.

- Super strong with a tensile strength of 25,000 pounds psi.
- Lightweight at only 0.2 oz/sq ft.
- Dry adhesive is activated when heat is applied.
- Shrinks to a drum-tight finish as it cools.
- High gloss finish.
- Fuelproof and waterproof.
- Stronger and lighter than traditional silk and dope coverings.
- Cleans with glass cleaner, Formula 409® or MonoKote Cleaner/Polish.

LUSTREKOTE

MonoKote-matching color in a can!

When you need to paint the cowl, turtle deck, wing tips, wheel pants or another part of your MonoKote-covered model - or want a high-quality painted finish over an entire airplane - reach for Advanced Formula LustreKote spray paint.

Panel Line Pen

Easier than adding striping tape, the Panel Line Pen lays down a fine black opaque line that stands up to CAs and mild cleaners.

TOPQ2510

- Durable tip and opaque black ink create fine, permanent lines.
- Looks better than tape and does not peel off.
- Simpler to use than striping tape - and more economical.
