

"High-quality kits and accessories featuring today's finest engineering."

# P-51D MUSTANG ARF

.60-1.20 ALMOST-READY-TO-FLY SPORT SCALE AIRPLANE

The classic American warbird — with ARF ease.

Superior speed, range, armament and maneuverability enabled the P-51D Mustang to rule the skies during World War II. Now you can put yourself in the cockpit of this famous fighter — which combines legendary Gold Edition quality with the ease of ARF construction!

Fast ARF assembly, using the finest materials and engineering.

Legendary Gold Edition quality combines with time-saving ARF construction, resulting in a great-looking and scale-flying warbird model that you'll be proud to own.

Under the vacu-formed canopy is a detailed cockpit including instrument panel, seat back rest and dummy radio boxes.

Mechanical retracts made of high quality composite allow for even more in-flight realism.

### TOPA0950

- Wingspan: 64.5 in (1640 mm)
- Wing Area: 721 in<sup>2</sup> (46.5 dm<sup>2</sup>)
- Weight: 8.75-10 lb (3.9-4.5 g)
- Wing Loading: 28-32 oz/ft<sup>2</sup> (85-98 g/dm<sup>2</sup>)
- Length: 56 in (1420 mm)
- Requires: 2-stroke .60-.91 cu in (10-15 cc) or 4-stroke .91-1.20 cu in (15-20 cc) engine, 6-channel radio w/7 standard servos & 1 retract servo

- ✓ Precisely interlocking parts, lots of preassembly and precovering in flat MonoKote film enable this ARF to be flight-ready in just 18-25 hours.
- ✓ Fiberglass parts allow for maintaining scale lines without extra effort.
- ✓ Scale details worthy of a static display model — but ready to "scramble" with realistic military maneuvers in the air.

# P-51D MUSTANG ARF

.60-1.20 ALMOST-READY-TO-FLY SPORT SCALE AIRPLANE

The classic American warbird — with ARF ease.

Assembly of the distinctive Mustang oil cooler detail under the wing has been simplified by using high-quality fiberglass.

An aluminum spinner and molded dummy exhaust pipes add to the authenticity.

Prepainted fiberglass offers a more true-to-scale chin cowl appearance without extra effort.

An adjustable engine mount is included for accommodating either a 2-stroke .60-.91 or 4-stroke .91-1.20 engine.

Flaps are already built into the Mustang ARF's wings; modelers simply add servos.

## RECOMMENDED ACCESSORIES FOR THE P-51D MUSTANG ARF

### Futaba®

S3004  
Standard Servo

The first choice for power and speed in a standard servo.  
FUTM0004

75AX ABL  
2-Stroke Engine

Exceptional power, and fits the same mount and bolt pattern as the 61FX. OSMG0575

S136G  
Retract Servo

Delivers strong performance, and compact for easy installation.  
FUTM0670

FS-91S II  
4-Stroke Engine

Produces the torque needed for swinging larger props, along with more realistic sound.  
OSMG0896

### Futaba®

7C 7-Channel  
Computerized Radio

Upgrade your radio with cutting-edge spread spectrum technology!

- Incredible 9-channel performance features, with 4-channel programming ease.
- Dial 'n Key allows for quick access to an enormous range of functions, including Basic and Advanced menus.
- 2.4GHz advantages deliver incredibly smooth, precise and responsive control.
- An unsurpassed combination of form, function and value!
