

# Futaba S-Link for Windows 8 & Windows 10

---

**To install the CIU-2 driver on Windows 8/10, just follow the simple steps below.**

1. Swipe in from the right edge of the screen, tap Settings, and then tap Change PC settings. (If you're using a mouse, point to the lower-right corner of the screen, move the mouse pointer up, click Settings, and then click Change PC settings.)
2. Under PC settings, tap or click Update And Recovery. Then, tap or click Recovery.
3. Under Advanced startup, tap or click Restart Now.
4. Once your PC restarts, on the Choose An Option screen, tap or click Troubleshoot. If you don't see the Startup Settings option, tap or click Advanced Options.
5. Tap or click Startup Settings.
6. Tap or click Restart.
7. On the Startup Settings screen, choose the startup setting you want.
8. Sign in to your PC with a user account that has administrator rights.
9. Install the CIU-2 driver.
